- I/We authorise the Fund and the Aministrator to rely on such electronic instructions, based on the terms contained under this section. If further clarification is required, this includes the right for the Fund and the Administrator to request original documentation.

If this is the case, the Fund and the Administrator agree that, whichever of them elects not to act upon the electronic communications, they will try to contact us on the same day to advise us of their decision. I/We will not hold the Fund or the Management Company (and they will not be) responsible if they choose not to act on electronic instructions, even upon signing up for email dealing to the email address given by me/us herein.

#### Allocation of risk

I/We agree to bear the risks associated with using and relying on electronic communications and that the Fund or the Administrator will not accept any responsibility for any use of an incorrect email address, interception, failure, alteration or corruption of the electronic instructions, non-receipt of the electronic instructions, failure of the technical infrastructure, or any allotment, transfer, payment or other act done in good faith in accordance with electronic instructions.

#### **Investment objective**

The SICAV is an open-ended investment company incorporated under the laws of Luxembourg as a Société d'Investissement à Capital Variable ("SICAV") in accordance with the provisions of Part I of the UCI Law. The SICAV was incorporated for an unlimited period on 28 October 2011 under the name of Fundsmith Equity Fund Feeder. The SICAV changed its name to Fundsmith Equity Fund SICAV on 29 March 2019 and the Articles were amended on 22 March 2019.

The Fundsmith Equity Fund and the Fundsmith Sustainable Equity Fund, both sub funds of Fundsmith SICAV ("Fund") are actively managed, which means that the investments are selected at the discretion of the investment manager. The investment objective of the Fund is to achieve long-term growth in value. The Fund will invest in equities on a global basis. The Fund's approach is to be a long-term investor in its chosen stocks. It will not adopt short-term trading strategies. The Fund has stringent investment criteria which the Investment Manager adheres to in selecting securities for the Fund's investment portfolio. These criteria aim to ensure that the Fund invests in:

- · high quality businesses that can sustain a high return on operating capital employed;
- · businesses whose advantages are difficult to replicate;
- businesses which do not require significant leverage to generate returns;
- · businesses with a high degree of certainty of growth from reinvestment of their cash flows at high rates of return;
- · businesses that are resilient to change, particularly technological innovation; and
- · businesses whose valuation is considered by the Investment Manager to be attractive.

#### How the NAV and price are calculated

The Net Asset Value of each Class and each Sub-fund will be calculated by the Administrator as of each Valuation Day in accordance with the Articles. The Net Asset Value of each Class will be expressed in the relevant Reference Currency of the relevant Class in a Sub-fund.

The Net Asset Value of each Sub-fund shall be determined by valuing the assets of the Sub-fund (including income accrued but not collected) and deducting the liabilities of the Sub-fund, subject to adjustment to take account of assets and/or liabilities attributable to the Sub-fund.

The Net Asset Value per Share of each Sub-fund shall be calculated as of the Valuation Day by dividing the Net Asset Value of the Subfund by the total number of Shares in issue or deemed to be in issue in that Sub-fund as of the relevant Valuation Day and rounding down the resulting total to two decimal places (after the cents) or such number of decimal places as the Directors may determine.

The Subscription and Redemption Price per Share will be equal to the Net Asset Value per Share as of the relevant Valuation Day. The Net Asset Value per Share applicable to any Dealing Day will be calculated, available and published after the Cut-Off Time for that Dealing Day. As a result, subscription and redemption requests shall be submitted at an unknown Net Asset Value.
